SUBJECT: Defector Citizenship Legislation - Final Staff
Draft of Report Language

1. Attached please find a copy of the conference report/statement of managers on the defector citizenship provision of the intelligence authorization act for FY '86. Also attached is a copy of the legislation itself.

2. This draft of the report was agreed upon on October 29, 1985 by the staffs of the Senate Select Committee on Intelligence (SSCI), the House Permanent Select Committee on Intelligence (HPSCI) and the House Judiciary Committee. It is for all intents and purposes, the last staff draft on the subject.

3. It is our understanding that the staffs will now report back to their respective Members that agreement has been reached on the proposal. This will likely remove the matter as an issue for Member consideration at the House-Senate conference on the authorization bill. That conference is tentatively scheduled for Wednesday, November 6, 1985.
